

**Michael M. Harang**  
**LSR Director At-Large**

I am Michael M. Harang, and I am a candidate for the position of At Large Director. An NMRA and LSR Region member since 2007, I am enjoying the fellowship and friendship that being active in our region offers.

At the 2019 LSR Convention in Stafford, I volunteered to be the LSR Photography Chairman, and have been serving in that position since February 2020. Most recently, I attended the 2021 Tulsa Union Convention taking many photographs for our region and the McoR region.

We are currently living in Division 2 land (South East Louisiana). I have been married to Suzette for 43 years, and have two sons living in the Dallas area. I model the Rio Grande Southern in Sn3 scale.

If elected to the position of At Large Director, I look forward to serving the Lone Star Region, contributing and participating in the business of our great region.

Yours in Modeling,

Michael M. Harang

NMRA 138826
